Media Team Spotlight

Mrs. Heichelbech is the eLearning Coach at CGHS, and she helps oversee Global Campus. She loves helping out in the Media Center because she loves to read - check out her office door to see her recent titles!

Mrs. Heichelbech has three boys who attend Center Grove schools, so she doesn't have a lot of free time! But when she does get a spare moment, she not only loves to read, but she also crochets. Her family loves to be outside and to travel in their camper. They have been to 15 states in the camper so far and will visit 4 more this year!

Student Reader Spotlight

Bailey Davis is our 3rd quarter student reader spotlight. Reading lets her get away from the stress and worries of life and allows her to just

get into a new world. Her preferred genre is realistic fiction, romance, and sometimes fiction. She finds time to read by not spending an hour on her phone before bed. More often, if she is really into the book, she will chose it over her phone and read whenever she has time. So far this school year, Bailey has read 20 books, and she is currently working on 2 more!
